Scope of operations

- Food preparation limited to beverage preparation and plating of fully baked pastries. **No cooking, cooling or reheating of TCS food.** No raw animal foods.
- Milk and plant milks stored in under-counter refrigerators at 41 F or below; thermometers in every unit; temperature log twice daily.
- Pastries received daily from a permitted commercial bakery with invoices retained 90 days.
- Warewashing: 3-compartment sink (18 x 18 x 12 in. compartments) with drainboards; quaternary ammonium sanitizer with test strips.
- Hand sinks at espresso bar and prep/ware area (each within 20 ft of work areas, no door in path); soap, paper towels, signage.
- Certified Food Manager on staff: Elena R. Marsh (certificate copy attached). All staff hold Food Handler cards within 60 days of hire.
- Grease interceptor: 100-gal exterior unit with sample well; pumped every 90 days by a City-permitted transporter; manifests kept on site 5 years. FOG permit to be issued with food permit.
- Solid waste: shared landlord dumpster on concrete pad; recyclables picked up weekly.
- Seating: 32 seats (occupant load 42, Group B); no alcohol; no outdoor seating.
- No HACCP plan or variance required (no specialized processes, no ROP, no time as a public health control).
